The Adams Express Company places its daily obligation to it for the very latest papers from the eastern cities.

The Adams Express Company has for its thanks for its daily favors in the shape of the very latest eastern papers.

Oil Springs.—The people of Parkersburg, Va. are said to be in a feverish excitement, owing to the discovery of several wonderful veins of oil in their vicinity. On a tract of land near the town, there are three oil wells in operation: one of which yields three hundred barrels per day; another, forty-nine; and the third, twenty. The following is an account of a new well just finished. It looks a little extraordinary, but we give it as we find it in a Wheeling paper:

At the depth of one hundred feet two inches the workmen struck a vein of oil, which forced the boring tools out of the well. Then followed a stream of oil the full size of the orifice, three and a half inches, and it was forced into the well fifteen feet. Two workmen seized a plank and endeavored to cover it, but the oil forced it out of their hands. They finally took the plank and wrapped it with rags, forced it into the orifice and weighed it down. This well without pumping, will yield a barrel of oil a minute. This seems extravagant, but a writer from the vicinity of the well vouches for it and we give it for what it is worth.

SECESSION MEDALS.—A contemporary has received from a friend at the South one of the celebrated secession medals, which is thus described:

On one side is a palmetto tree encircled by fifteen stars, and at its foot, a cannon, ball, and other munitions of war. Above the tree are the words "No submission to the North." On the other side is a representation of growing rice, tobacco, sugar and cotton, surrounded by the words "The wealth of the South—rice, tobacco, sugar, cotton."

JACK SHEPHERD, the celebrated pedestrian, performed the extraordinary feat of walking one hundred miles in one hundred consecutive hours, without sleep, at Indianapolis last week. He began his tramp at 6 o'clock on Tuesday evening, and ended at 10 o'clock on Saturday evening. Of course, he was slightly fatigued when he got through.

The following Republican journals in Massachusetts unite in urging the repeal of the Personal Liberty law—Boston Advertiser, Boston Journal, Gloucester Telegraph, Newburyport Herald, Pittsfield Eagle, Groton Mercury, Lawrence Courier, and the Springfield Republican.

The product of the Wheat Crop last year, in six Northwestern States, was 94,000,000 bushels; Illinois and Wisconsin, 25,000,000 each; Indiana 16,000,000; Michigan 19,000,000; Iowa 10,000,000; Minnesota, 6,000,000. The whole grain crop of Illinois in 1860 is estimated at 101 bushels to each inhabitant.

On Sunday morning, Jan. 20, the town of Danvers, Mass., was visited by a destructive fire, which laid in ashes several buildings, and consumed much valuable property. The entire loss is estimated at \$10,000. None of the property was insured.

JOHN TYLER, of Kosciuszko, Wisconsin, died recently from starvation. He imagined he had a snake in his stomach, and in attempting to starve the snake, starved himself. He touched no food for twenty-nine days.

LACOMB.—The correspondent of a Missouri paper thus briefly foretells our political future—"Concession by the North or Secession by the South."

From the first to the twenty-ninth of January, sixty-four marriage licenses were issued by the Probate Judge in Cleveland.

The notorious "New Bowline" has been arrested in Rochester, N. Y., for obtaining money under false pretenses.

THOMAS GILES FORTY.—We learn that this gentleman has consented to give two more lectures this city—one on Sunday morning, and the other in the evening—at Kaemacher's Hall.

Gen. CLARK, Major ANDERSON's father-in-law, it is said, is commander of the Secession forces at Charleston.

Yesterday was the birthday of THOMAS FAIRBANKS, who was born in England, January 29, 1737.

VICTOR KUSS, styles the printing press, "the formidable locomotive of universal thought."

D. B. DE LAND & CO.'S SALE.—Thank your stars, if you are superstitious enough—but be glad, and express your thankfulness that you can procure from your grocer a perfectly pure and reliable article of Salsaparilla. Be convinced, by a trial, of the truth of our remarks when we say that it is just the quality that has long been desired by housekeepers. De Land & Co.'s Chemical Salsaparilla is manufactured at the Salsaparilla Chemical Works, Fairport, Monroe Co., N. Y., where it is for sale at wholesale. The grocers and dealers generally have it for sale.

LIVER COMPLAINT, DYSPEPSIA, &c., are becoming very prevalent among our citizens. We would advise all who may be afflicted with those distressing complaints to get at once and get some of McLEAN'S STRENGTHENING CORDIAL. It is just the remedy to cure all diseases of the Liver and Stomach. Try it. See advertisement.

GOOD WISDOM.—We wish that every family in the land would keep Guernsey's Balm in the house constantly.—How much misery it would prevent!

See advertisement of Prof. MILLER'S Hair Invigorator in another column.
